

UNIVERSITY OF CALIFORNIA
Santa Barbara

GaAs-GaN Wafer Fusion
and the
n-AlGaAs/p-GaAs/n-GaN
Double Heterojunction Bipolar Transistor

A dissertation submitted in partial satisfaction of the
requirements for the degree of

Doctor of Philosophy

in

Materials Science and Engineering

by

Sarah M. Estrada

Committee in Charge:
Professor Evelyn Hu, Chairperson
Professor Steven DenBaars
Professor Umesh Mishra
Professor Shuji Nakamura
Professor Mark Rodwell

September 2004

UNIVERSITY OF CALIFORNIA
Santa Barbara

The doctoral dissertation of Sarah M. Estrada is approved.

Professor Evelyn Hu
Materials, Electrical & Computer Engineering
Chairperson

Professor Steven DenBaars
Materials, Electrical & Computer Engineering

Professor Umesh Mishra
Electrical & Computer Engineering

Professor Shuji Nakamura
Materials, Electrical & Computer Engineering

Professor Mark Rodwell
Electrical & Computer Engineering

August 2004
